Report. Technical correctness/depth (10%)	Excellent understanding and introduction of terminology. **Clearly introduced and justified methodology and features.** **Clear definition and justification of metrics.** **Limitations and strengths of evaluation methodology described.**	Correct understanding and introduction of terminology. **Introduced and justified methodology and features.** **Definition and justification of metrics.** **Evaluation described.**	Mostly correct understanding and introduction of terminology. **Introduced OR justified methodology and features.** **Definition OR justification of metrics.** **Limited evaluation.**	Understanding of the topic is insufficient. **Insufficient introduction and justification of the methodology and features.** **Insufficient definition and justification of metrics.** **No evaluation.**	
Report. Results and Discussion (10%)	Clearly presented and summarised results. **Use of multiple suitable metrics.** **Robust comparison of different results.** **Rich discussion of limitations of results, including poor and surprising results.**	Sufficient and complete results presented. **Use of a single well defined metric, or multiple but not completely suitable metrics.** **Some comparison of different results** **Sufficient discussion of limitations of results.**	Incomplete, but sufficient results. **At least ONE suitable metric.** **Limited comparison of results.** **Limited discussion of limitations of results.**	Insufficient results. **Unsuitable metric or no evaluation metric used.** **Insufficient comparison of results.** **No discussion of limitation of results.**	
Report. Writing, background & context (10%)	Grammatically correct, no (very few) spelling errors. **Balanced and complete background and context.** **Adheres to the 7-8 page limit (excluding references).** **Well organized, demonstrates logical sequencing and structure.**	Few grammar and spelling mistakes **Mostly complete background and context.** **Exceed or does not meet page limit by a small margin (< 0.5 page)** **Well organized, but demonstrates illogical sequencing or structure.**	Readable but a significant number of spelling/grammar mistakes **Significant errors or omissions in background and context.** **>8 pages** **Weakly organized with no logical sequencing or structure.**	Some sentences/ paragraphs are unreadable. **Context is missing or incorrect.** **<7 pages** **No organization, sequencing, or structure.**	
Interview (understanding, insights) (15%)	Excellent description of terminology and theory. **Clearly justified methodology and features.** **Clear definition and justification of metrics.** **Limitations and strengths of evaluation methodology described.**	Correct description of terminology. **Justified methodology and features.** **Definition and justification of metrics.** **Evaluation described.**	Mostly correct description of terminology. **Justified methodology OR features.** **Definition OR justification of metrics.** **Limited evaluation.**	Understanding and description of the topic is insufficient. **Insufficient justification of the methodology or features.** **Insufficient definition and justification of metrics.** **No evaluation.**
